EVENT LOCATION

BOLLE FESTSÄLE

For larger, impressive hybrid events, you can book the unique setting of the BOLLE Festsäle as a supplement or independent studio location.

The landmarked brick building from the industrial era circa 1890, formerly the Carl Bolle dairy factory, is the ideal setting for all kinds of events.

Covering a total area of over 3.000 m², the site comprises two event spaces, three historical office rooms, a bar and roof terrace.

EVENT ART BOLLE'S KÖCHE

The Gourmet - Caterer, which is exclusive for the BOLLE Festsäle, offers you extraordinary advantages.

As an in-house caterer on site, they are very familiar with the BOLLE Festsäle, which saves time and resources as proven processes can be used.

The culinary specialities are individually customised to your preferences and needs in order to meet your expectations.

Special attention is paid to mindful preparation and quality in all its facets. The primary goal is to ensure excellent taste and the highest quality.

Cooking is a passion. The experienced catering team will take care of your wishes - before, during and after the event.
